

2015 LE MANS FESTIVAL

LE MANS
FESTIVAL 2015

THE LE MANS EXPERIENCE

It's called the world's most famous endurance racing event. It happens once a year in the pristine rolling countryside of Southern France. An unbelievable test of endurance by drivers, teams, and manufacturers from around the world for 24 straight hours. Some make it but many do not.

This year, the featured marque in the "race before the race" is Aston Martin with more than 100 years of heritage and tradition in all forms of motorsport. It's Aston Martin vs. Aston Martin, and you can be a part of it. Drive an Aston Martin racecar around the Circuit de la Sarthe in conjunction with the history and pageantry of both Aston Martin Racing and the 24 Hours of Le Mans, surely an event not to be missed. Extremely limited VIP guest packages available as well.

THE ASTON MARTIN RACING FESTIVAL

In a return to the fantastic Le Mans Festival race previously held in 2012 and also the historic 100-year festival race at Brands Hatch, Aston Martin Racing customers will have the unique opportunity to race at the Circuit de la Sarthe as part of the world's most famous endurance racing event, the 24 hours of Le Mans.

An Aston Martin-exclusive race has been organized in conjunction with the ACO to take place before the start of the main endurance event with practice and qualifying sessions in the preceding days.

The event is open to all Aston Martin Racing-built GT and prototype cars including DBR1-2, DBR9 GT1, Vantage GT2, DBRS9 GT3, Vantage GT3 and Vantage N24/GT4, as well as a special invitational class.

In total, the drivers will have almost 3 hours of track time on this unique 13.6 km circuit, culminating in a 45-minute sprint race on Saturday morning.

HISTORY OF LE MANS

The 24 Hours of Le Mans held annually since 1923 near the town of Le Mans, France, is the world's oldest active endurance sports car race. Considered to be one of the most prestigious automobile races in the world, it is organized by the Automobile Club de l'Quest (ACO) and runs on the Circuit de la Sarthe, a circuit mixing closed public roads and tarmac meant to test the endurance of both car and driver. Aston Martin Racing has earned nine podiums over the last 10 years at Le Mans, including class wins in 2006, 2008 and 2013.

TRG HISTORY AT LE MANS

In 2002, a little known and privately held team from the USA - The Racer's Group - entered the world famous endurance classic for the first time... and won the GT class over all of the factory teams! Defying all the odds, team owner and driver Kevin Buckler and his teammates drove their way to victory as Buckler went on to earn the coveted Porsche World Cup as Porsche's most acclaimed driver during that year, which also included a victory at the 24 Hours of Daytona.

THE PARADE

The Aston Martin Racing Le Mans Festival drivers have been invited to attend the official Le Mans Drivers' Parade which will take place on Friday 12th June. This highly anticipated event is one of the highlights of the week and will see the drivers of the 24 Hours of Le Mans and the Aston Martin Le Mans Festival and more than 100,000 people gathering for this celebration in the historic Le Mans City Centre.

THE CARS

The full list of eligible cars is as follows:

GT1 – DBR9

GT2 – VANTAGE GT2

GT3 – DBR9, VANTAGE GT3

GT4 – VANTAGE N24, VANTAGE GT4
