

TEST DRIVE THE ASTON MARTIN GT4 AND GT3 AT SEBRING

Tuesday - March 24th 2015

Immediately following the historic 12 Hours of Sebring, join TRG-Aston Martin Racing for a private track and testing event at one of the most historic racetracks in North America...Sebring International Raceway

TRG-AMR North America is excited to bring the incredible experience of driving an Aston Martin V12 Vantage GT3 or V8 Vantage GT4 racecar to a select group of individuals.

This is a great opportunity for new drivers or teams looking at racing options for 2015 and beyond, TRG team drivers looking to polish their skills, individuals looking to test or purchase a new Aston Martin racecar, or corporate clients looking for an amazing experience either riding along or driving the racecar. We will be providing the typically excellent TRG-AMR experience with full engineering, data and professional driver coaching services as well as photography, video and our top-notch hospitality.

Extremely limited availability

ASTON MARTIN
RACING

Drive your own car on the track! Bring your exotic, sports, or track day car and drive around the historic corners of Sebring! A quick safety inspection by a TRG-AMR crewmember and a helmet is all that you need to bring your favorite car out on the track. Everything and anything is welcome!

GALLERY OF LEGENDS

ASTON MARTIN
RACING

Join us for some wine, cocktails, and light fare at the historic Sebring Gallery of Legends Tuesday evening starting at 6:00pm. Featuring the latest award-winning releases from Adobe Road Winery, this is the perfect opportunity to cap-off a fun day at the track with great people.

Extremely limited availability

707.935.5889

TRG-AMR will provide full engineering and mechanical support, data acquisition and analysis, along with professional driver coaching, professional photo/video services, and hospitality. Guests are welcome to come along for the experience.

TRG-AMR will build a custom quote for everything from a quick ride along and test drive to a full blown testing and immersion program in either the V12 Vantage GT3 or V8 Vantage GT4. Contact us today for help designing an opportunity to fit your individual needs.

Programs start in the V8 Vantage GT4 at \$2500 and \$5k for the V12 Vantage GT3 (previous racing experience required prior to driving the GT3).

ADDITIONAL SESSIONS CAN BE ADDED
